

Classroom Teaching

As an important part of the B.Ed. curriculum all the papers related to the course of study prescribed by Shivaji University are taught by all the professors in the college according to their respective subjects or compulsory papers given by Shivaji University in class teaching. Accordingly, teaching is done in the classroom

Online Teaching

Considering the needs of online teaching students, it was not possible to teach the students directly or in the classroom during the Corona period, during that period, the B.Ed. trainees were given the study work through video audio photos through various apps through mobile phones. Also, in this period, the knowledge of the subject was sent to the students by sending the video link of the other teacher. All the teachers help to get the knowledge of that subject better and at this time the student is ready to sit at home and get the knowledge of his subject

Workshop

To enhance their knowledge for B.Ed. training, different types of workshops are conducted at the college level, seminars are conducted to provide them with information on different topics that they need to know about, such as organizing workshops on how to prepare while appearing for competitive exams. By organizing workshops providing information from different psychological perspectives as well as workshops and seminars on various challenges facing education in adolescence, it aims to provide a wide range of information and enrich the knowledge of the B.Ed. trainees.

Birthday Anniversary Program

The birthdays of various great leaders are celebrated at the college level and at the social level. Death anniversary is celebrated at this time by taking out rallies and performing national plays or visiting various government offices to present jubilee programs which help to imbibe the greatness and thoughts of the person whose birthday is being celebrated. These programs help students to role model what that person has embraced in life and thus inspire.

Social Awareness Program

While creating social awareness, many activities related to the society are carried out, in which things like holding a rally, serving the community, maintaining a balance with the environment are given importance, planting trees, tying rakhis to trees, supporting trees, as well as sanitation and social activities, during the period of epidemics like Corona, the work of public awareness is done by holding rallies. This helps the students to develop social awareness

Festival Program

Various competitions are organized at the college level, such as cookery, rangoli competition, fancy dress competition, games, etc., which helps to motivate the students, showcases the talents of the students and provides opportunities for them to showcase their talents.

World Day Program

B.Ed. trainees are required to do practical work without just taking part in theory, also we present different days or different days in which we celebrate days like World Women's Day, Literacy Day, Science Day, Geography Day as well as Environment Day, Literacy Day to convince the students of the importance of that day. It is helpful and in turn to make them aware of the purpose of celebrating this day from each of those days. The sole purpose of celebrating this day is the duty of women or different geographical days. Literacy day or different days are celebrated. There is help to get inspiration

Exhibition

Different types of exhibitions are organized at the college level to highlight the talent of the students and to recognize their artistic talent. How to make your class better and more effective? It helps to encourage them to use homemade teaching earrings using different types of letters. Various items like woolen items, cardboard items, from waste to durable items are displayed at the college level to give scope to the talents of the students.
